

Stereo Vision Entertainment Inc. Will Retain Its Name and Has Formed a New Company to Use the Name 'Eco Allies, Inc.' to Focus On the \$80 Billion a Year Climate Change Mitigation Industry

Las Vegas, Nevada 01/13/2020 (OTCMarkets) Stereo Vision Entertainment Inc. (OTC:SVSN) announced today that it will be retaining its original name (after briefly changing it to Eco Allies Inc.) to better utilize Eco Allies (for which a U.S. Patent and Trademark Office trademark application has been filed) advancing Stereo Vision's entry into the climate change mitigation and renewable energy industries, using hemp and its Climate Cure subsidiary's proprietary HDF-SuperGreenTrees™. <http://ecoallies.biz> will represent the new company online. Eco Allies, Inc. is a wholly-owned StereoVision subsidiary whose IPO to become a New York Stock Exchange-listed Real Estate Investment Trust (REIT) would purchase farmland to grow hemp and Climate Cure's proprietary HDF-SuperGreenTrees™. Both of these would support Climate Cure's climate change mitigation efforts, clean energy products, and carbon sequestration operations.

“Upon reflection, it was decided that “Eco Allies” could best be used for the purpose for which it is now devoted,” stated Jack Honour, CEO of Stereo Vision. “In conjunction with the formation of Eco Allies, Inc., which is substantially different from what was planned for Amalgamated Agricultural Properties, Inc. (“AAPI”), AAPI will be dissolved,” Honour added.

Stereo Vision Entertainment, Inc. <http://stereovision.com> is a publicly-traded Nevada company (OTC:SVSN) utilizing its award-winning team of industry professionals in the areas of 1) climate change mitigation through its wholly-owned subsidiary, Climate Cure Capital Corporation <http://climatecurecapital.com> 2) producing multi-media content for climate and company awareness by its wholly-owned subsidiary, the 9-time Emmy Award-winning company, REZN8 <http://rezn8.com>. 3) exploiting Stereo Vision's film assets, and 4) the wholly-owned subsidiary Eco Allies, Inc. whose IPO to become a NYSE listed REIT <http://ecoallies.biz> is to purchase farmland for growing hemp and Climate Cure's proprietary HDF-SuperGreenTrees™ to support Climate Cure's Capital's climate change mitigation operations.
