

Climate Cure Capital & 2050 Forestry Ltd. Sign 100 Year Partnership Contract to Maintain and Generate Carbon Credits from a Standing 25,000 Acre 5,000,000 Tree Forest in Ghana

Las Vegas 6/13/2022 Climate Cure Capital Corporation, a StereoVision wholly owned subsidiary, announced today that they had signed a 100-year partnership agreement with Vision 2050 Forestry Ltd. (VTF) to maintain and generate carbon offset credits from a 25,000-acre 5,000,000 tree forest in Ghana. “With 200 million trees, VTF is one of the largest private plantation owners in Ghana implementing Carbon Credits Projects toward sustaining and enhancing the environmental, economic and social benefits of Forestry and Agriculture.” <https://www.facebook.com/vtfghanacarboncredits/>.

“For more than a decade, Vision 2050 Forestry Ltd. (VTF) has persevered through the challenges and tumultuous transition to renewable and sustainable industries and become a leader in Africa’s afforestation and reforestation efforts,” stated StereoVision’s CEO, Jack Honour. “This project is an example of the commitment of the StereoVision Group of Companies to do good for our communities while adding value for our shareholders. Per our agreement Climate Cure Capital will calculate and trade the carbon credits sequestered by the 5mil trees and receive half of the annual revenue generated from their sale for up to 100 years. The other half of the carbon credit revenue from the 5mil trees goes to the farmers and landowners in VTF’s consortium.”
